

TECH TOOLS for TEACHERS SUMMIT

August 16, 2016

8:30 AM – 3:30 PM

Lincoln Middle School

152 Jenckes Hill Rd, Lincoln, RI 02865

Whether your school has “Gone Google”, is “One to One”, or “BYOD”, you’re sure to be using more technology in your classroom this year. To help get you “Tech Ready”, the RI Federation of Teachers & Health Professionals is hosting a “Tech Tools for Teachers” Summit on August 16th at Lincoln Middle School. The Summit will feature the RIFTHP’s Tech Tools Modules, designed to support teachers at all levels of experience with technology, introduce a variety of instructional & managerial tech strategies, and provide opportunities for sharing best practice and getting some “TECHnical Assistance”.

We hope you’ll join us at the Summit, which will run from 8:30 AM until 3:30 PM and feature sessions such as *Instructional Apps for K-2*, *Communicating & Collaborating through Technology*, *Math Tech Tools (K-2, 3-5, & 6-8)*, *Digital Citizenship*, a variety of “Google Applications” and much more. An exciting feature of the Summit will be the “Tech Playground” which will be staffed throughout the day and provide participants with opportunities to “play around” with new ideas presented at the Summit, get some 1-1 TECHnical Assistance and see student demonstrations.

Because this is a pilot offering, registration is just \$10 per person and lunch will be provided! Space is limited and is sure to fill up quickly, so register today by going to <https://squareup.com/store/RIFTHPPD>.

Registration will close on August 10th, so act quickly!
